

The Aero+ Kit includes 3 cassette banners: 2 x 1000mm wide and 1 x 1500mm wide. Graphics are included and are the full height of the post with a visible graphic area of 1890 (h) x 1000/1500 (w). Please see configuration A below.

The Aero+ allows for a much wider range of graphic positions. Eleven graphic heights can be achieved with this thoughtfully designed post. The horizontal cassettes are still available in three widths - 1000mm, 1500mm and 2000mm.

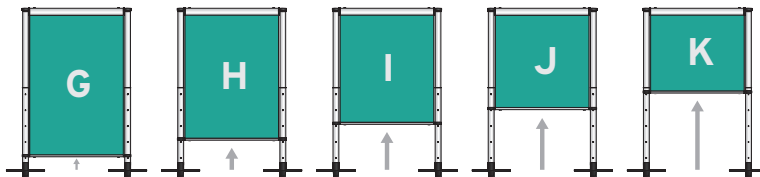

The images below show that it's possible to create various graphic heights by either adjusting the post height or raising the bottom rail when the post is at its maximum height.

If you would like graphic panels printed for a different height (configurations B-K) please contact us for artwork specifications on 01733 511 030.

Configure heights by adjusting the post height

Configure heights by moving bottom rail upwards
