## 1.1 Castor wheels to base installation

## 1.2 Post assembly to base installation

**Note:**  
Make sure cables management holes are facing the rear of base.

## 2. Install telescopic mounting poles

- Step 1. Use thumb or finger to depress the right upper pole spring plunger ball located at the cable window, pull upper pole upward until your desired height. Twist upper pole toward the plunger holes direction and engage the spring ball into the plunger hole and set as shown in fig-1.
- Step 2. Repeat with left pole.
