

STANDARD COLOURS

The colour palette shown here for each material type is available in production. The Pantone colours serve as colour orientation.

1. ROOF / TUBE ENDS

Polyester: 250 D-PU / NS 476

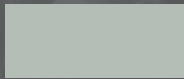

The cloth is composed of a polyurethane-coated polyester textile. It is very durable, waterproof and stable against UV-radiation. The cloth structure is well suited to long-lasting printing techniques and provides for attractive optics, above all, in comparison with common plastic cloths. (600 DPU – water-repellent).
